

Ballot Statement 2014 3/20/14

WHILE FAMILIES AND BUSINESSES ARE STRUGGLING WITH TODAY'S ECONOMY AND HIGH TAXES, OUR POLITICIANS ARE NOT AWARE OF THE PEOPLE'S CIRCUMSTANCES.

High electric and water rate increases, along with a litany of other fees, fines and taxes, extract Glendale residents' and small businesses' wealth and diminishes their ability to build a good life.

When elected, I will tirelessly fight for....

Repeal of the City's 7% UTILITY USERS TAX on Water, Electricity, Gas, Telephone, cell, cable.

Stopping special privileges granted to corporations and developers at taxpayers' expense. Reducing the problems of runaway growth in downtown Glendale and South Glendale which continue to have congestion and inadequate parking.

Stop reducing funds from needed essential city services like roads, parks and libraries in order to pay for our bloated city unions' salaries and pension benefits.

MEANINGFUL PENSION REFORM. "At some point, we will have more retirees than active", Bob Elliot, City of Glendale, Director of Finance..."Glendale News Press 12/18/12.

I have been a COMMUNITY ADVOCATE FOR THE PEOPLE for the past seven years on behalf of homeowners, renters and merchants. Was supported by over 125 small businesses in the 2013 election. Founding member of GLENDALE COALITION FOR BETTER GOVERNMENT.

Mike Mohill
